MEMORANDUM FOR: Director of Logistics

SUBJECT : Reorganization of Procurement Division, OL

1. I have reviewed the Division's assets in an attempt to achieve an absolute maximum staffing complement of 36 by 30 June 1975. I offer for your consideration the following alternative plans for both reorganization of the Division and a combined redistribution of the assets and the workload. You will note that each alternative contemplates certain conditions namely:

a. General Procurement Branch would be structured in such a manner as to parallel procurement officers to commodity teams in Supply Division, OL. (Attachment A denotes present implementation.)

b. It is recognized that there is a definite need for part-time employees, principally three each for 6 man-months, the equivalent of 1 1/2 man-years per year as follows:

(1) 6 man-months of a termination and settlement officer to be worked 2 or 3 days a week throughout the year, and

(2) two each 20-hour-per-week clericals to be assigned primarily to the General Procurement Branch but with the availability to act as rovers throughout the Division as backlogs demand.

c. In anticipation of your concurrence of the offered NE transfer of one GS-14 slot, I have placed that position in both alternative plans as a special assistant to the Chief, Procurement Division for accommodation procurements. In addition, and based on prior agreements, I have picked up the terminal operator/librarian which is to be supplied by the Supply Division, OL, and assumed that the individual will be a GS-05 not charged to Procurement Division's PCR.

SUBJECT: Reorganization of Procurement Division, OL

2. You will also note that the principal differences in the alternatives chosen have to do primarily with the incumbents of the available slots and a specific redistribution of certain personnel pending their reassignment elsewhere in the Office of Logistics or the contracting teams. My personal desires are reflected in Plan A which contemplates Procurement Division responsibility for the assignment of 88's, a function presently the responsibility of Supply Division, OL. However, I recognize the impact of what is herein proposed on certain individuals could act as a major deterrent to implementing the optimum plan A.

3. I am in the process of revising letters of instruction for specific individuals effected by this reorganization, however, subject to your approval, I will withhold formalizing same since I have not discussed the impact of the additional responsibilities with the planned incumbents.

4. In summary, Plan A contemplates an authorized table of organization (TO) of 37 PD/OL slots plus one assigned from NE/DDO and one transferred from SD/OL while Plan B achieves the mandated 36 TO sans the responsibility of internal assignments of 88's but includes the transferred non-chargeable slot from NE/DDO and that assigned slot from Supply Division, OL. Further, a grade point comparison of current PCR grade points is as follows:

	<u>PD</u>	<u>SD</u>	Total Resultant OL <u>Grade Points</u>	<u>NE</u>
Present	385			
Plan A	371	5	376	14
PD NGPS* (14) OL NGPS (9)				
Plan B	364	5	369	14
PD NGPS (21) OL NGPS (16)				

*Net Grade Point Savings

SUBJECT: Reorganization of Procurement Division, OL

5. Irrespective of whether or not the mandated 36 is ratified, I would still seek your approval to undertake the functional course of action outlined in either alternative to promote what I consider to be an increased efficiency of the procurement process within the Division.

3 APR 1975

MEMORANDUM FOR: Chief, Procurement Division, OL

SUBJECT : General Procurement Branch, Revised
Organization Chart - Request for
Approval

1. The attached organization chart and accompanying individual commodity group assignments are submitted for your approval. It is based upon the Commodity Section A, B, and C breakdown outlined in Attachment C of Supply Division Instruction 7-6 dated February 1975 (copy attached), and should provide even greater compatibility with the Supply Division Section teams than now exists and further facilitate inter-divisional liaison.

2. In order to maintain a balanced workload between the sections and individuals, and to make maximum use of existing knowledge and experience, Procurement Officers [redacted] and [redacted] who are in Section C, and Procurement Officer [redacted] who is in Section B, have been assigned certain Section A responsibilities.

25X1A

25X1A

3. It should be noted that all Commodity Section Group Numbers are assigned except number 70 in Section C. It is my understanding that this group which is designated as General Purpose Automatic Data Processing Equipment, Software Supplies and Support Equipment, will be handled in its entirety by Procurement Division's ADP&E Section.

4. If approved by you, the revised organization and assignments will be effective immediately.
